

Life insurance at end June 2020

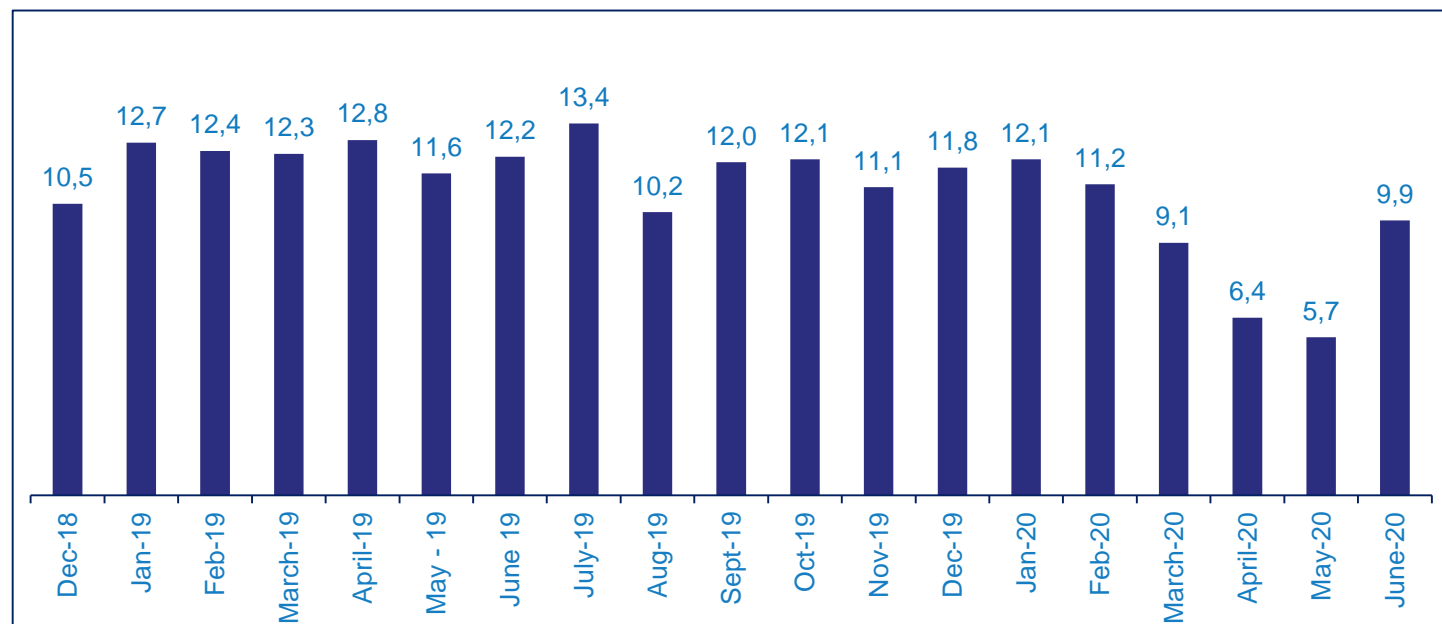

Provisional estimates

Because of rounding, the figure for net inflows and benefits paid is not always the same as the figure for gross inflows

1.1 – Life insurance premiums

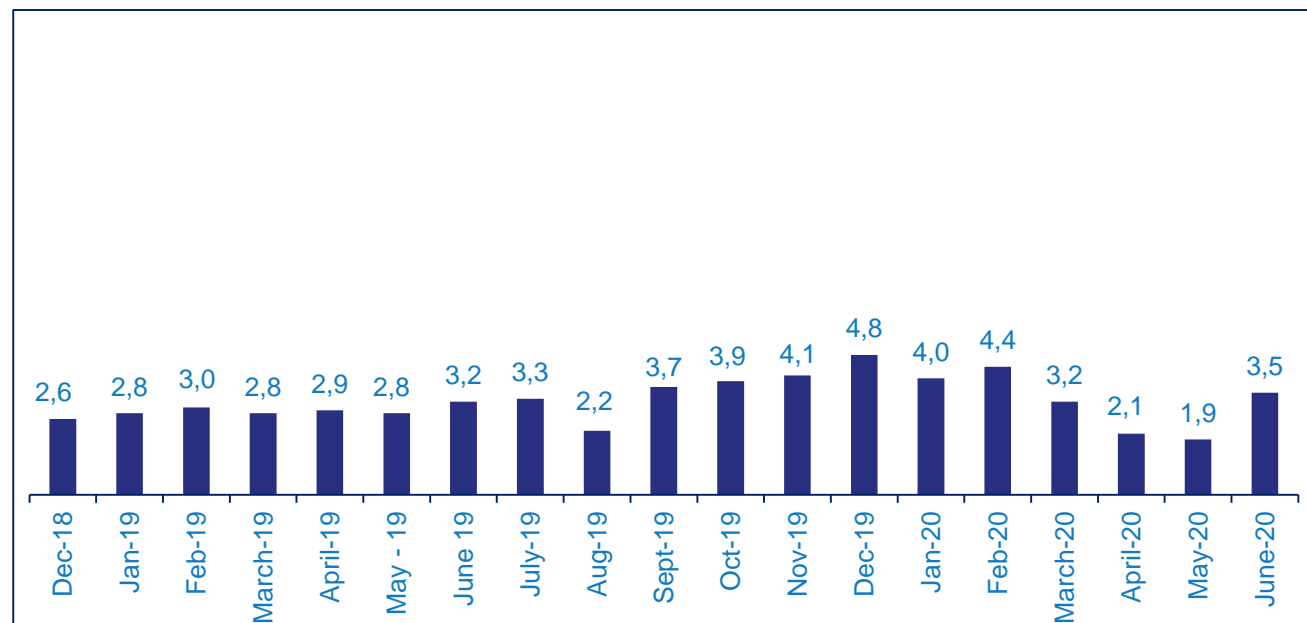

Monthly change in premiums (Euro products + unit-linked products)
(Estimates: life and capitalisation – direct business – in billions of Euros)

1.2 - Focus on premiums in unit-linked products

Monthly change in premiums in unit-linked products

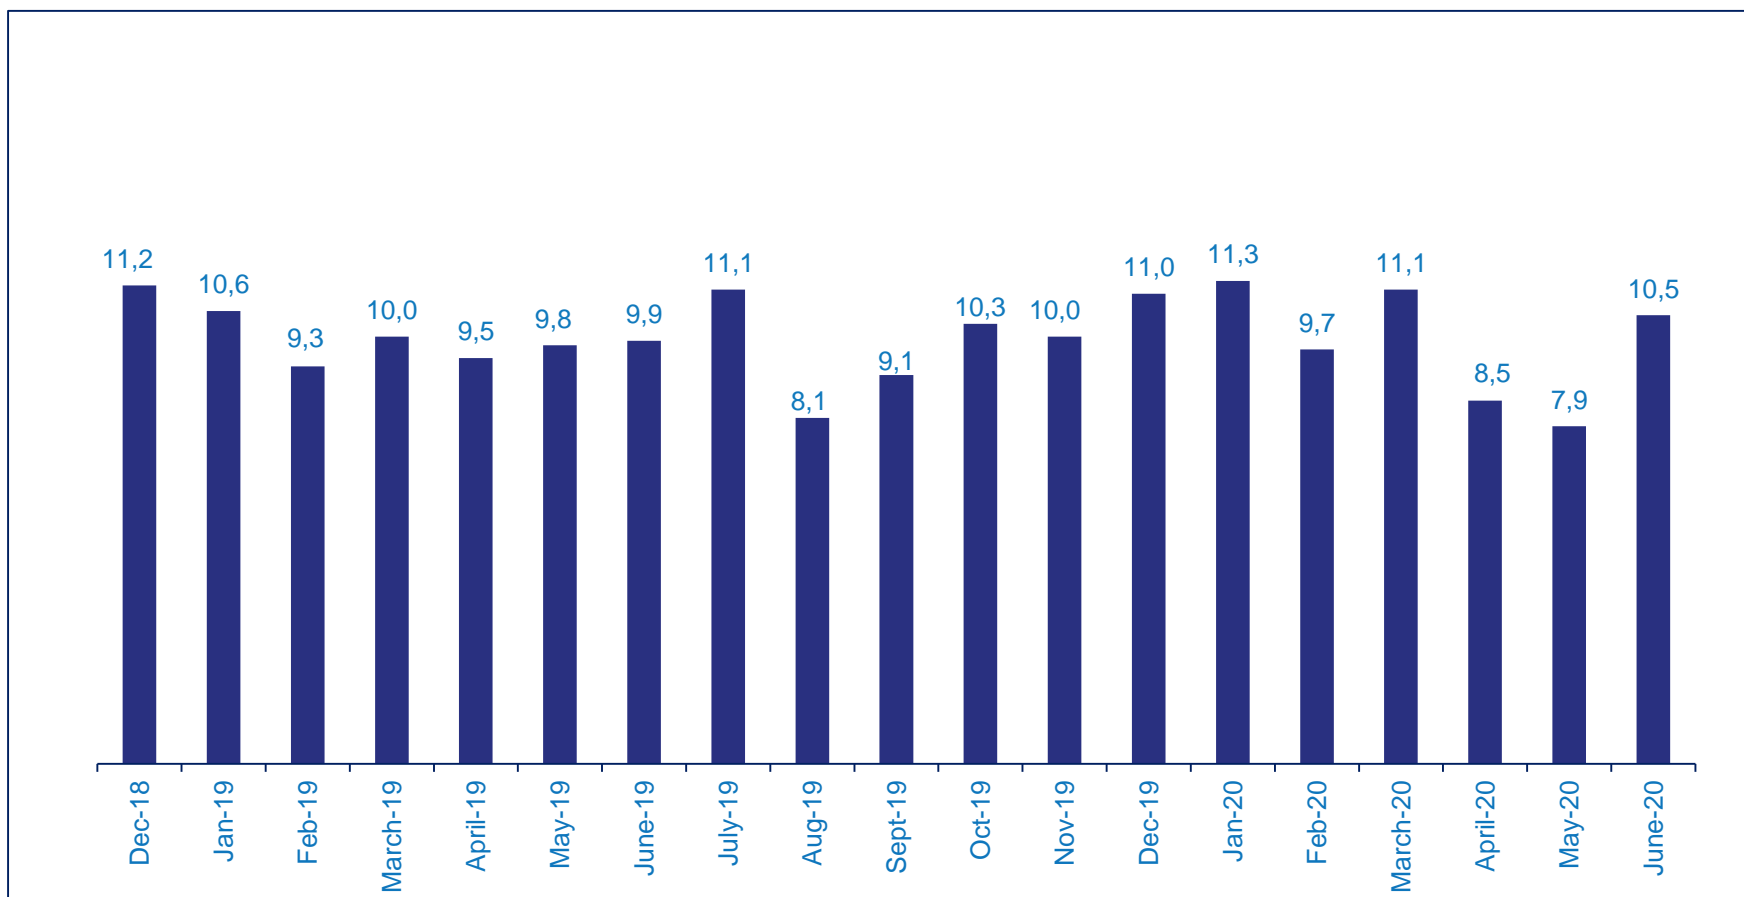

(Estimates: life and capitalisation – direct business – in billions of Euros)

2 – Benefits paid

Monthly change in sums paid out by insurers

(Estimates: life and capitalisation – direct business – in billions of Euros)

3 – Net inflows

Monthly change in net inflows

(Estimates: life and capitalisation – direct business – in billions of Euros)
